# AliMed® inc. and MAGNET strengthen partnership

AliMed® inc. and MAGNET announce the addition of Arista Surgical and Miltex Meisterhand™ surgical and floor instruments and sundries to their longstanding partnership. These lines add approximately 10,000 products to the existing agreement between AliMed and MAGNET, further strengthening their partnership.

One of the oldest, largest, and most experienced shared service organizations in the country, MAGNET serves approximately 12,000 healthcare providers with a contract portfolio that includes equipment, services, commodities, and the newly emerging area of niche/boutique products. AliMed is a leading designer, manufacturer, and distributor of high-quality operating room, patient care, rehabilitation, and ergonomic products. The extension of AliMed and MAGNET's agreement offers MAGNET's members significant savings on the purchases of Arista and Miltex instruments and supplies.

Arista Surgical is a division of AliMed that distributes Miltex and many other high-quality instruments and surgical sundries. Miltex is the premier manufacturer of premium, German-manufactured surgical and related instruments. The Meisterhand line from Miltex is a brand new line with more than 800 popular patterns, such as bandage scissors, forceps, and needle holders. The instruments are crafted from surgical-grade stainless steel German forgings and meet the very highest operating room quality standards and specifications. They feature a beautiful matte finish.
